ARCHITECTURAL SOCIETY 1925-26

THE RUSSIAN FETE

The ninth annual Fete was designed in the Modern Russian style. The corridors were transformed into walled streets and led to Ricker Library which was decorated as the home of a Russian nobleman.

Fellowships and Prizes

THE FRANCIS J. PLYM FELLOWSHIP

This Fellowship is awarded annually, by competition, to a graduate of the department, and carries a stipend of twelve hundred dollars for one year of travel and study abroad.

EARL VICTOR GAUGER, *Holder for 1925*

THE PLYM FOREIGN SCHOLARSHIP FOR ARCHITECTURAL ENGINEERS

This Scholarship is awarded annually by competition to a graduate of the Department. The value of the scholarship is seven hundred dollars to be used toward defraying the expenses of six months of study and travel abroad.

REUBEN JOHN PFEIFER, *Holder for 1925*

THE AMERICAN INSTITUTE MEDAL

The American Institute of Architects offers annually a medal to the graduate of the Department whose work for the four years in the entire curriculum is adjudged the best.

HOMER FAY PFEIFFER, *Holder for 1925*

THE SCARAB MEDAL

The Scarab Medal in Architecture is awarded annually to a Sophomore or Junior in the department. The Medal is of bronze and is awarded by competition.

LEONARD PAUL SUMARKOFF, *Holder for 1925*

THE RICKER PRIZE

This prize, established by Alpha Rho Chi as a memorial to Dr. Nathan Clifford Ricker, is open to students registered in the second semester, Junior year of Architectural History. The prize totals fifty dollars in books and is awarded annually.

Holders for 1925

J. D. PROUTY K. G. SHOPEN L. C. HEDRICK

Fellowships and Prizes

THE PLYM PRIZE FOR SUMMER SKETCHES

Through a gift of Mr. Francis J. Plym a prize of fifteen dollars in books is awarded each year for the best outdoor sketch made during the summer vacation.

DONALD KING, *Holder for 1925*

THE VAN DORT PRIZE

This prize consists of twenty-five dollars in books and is presented each year by G. Broes Van Dort for the two best solutions of the Class A, IV Project, B. A. I. D.

HOMER FAY PFEIFFER, *First* CLARENCE T. PAUL, *Second*

THE PLYM PRIZE FOR ARCHITECTURAL ENGINEERING

The prize representing fifty dollars worth of books is awarded by competition to three students in the Junior year of Architectural Engineering.

Holders for 1925

H. E. HOLMES J. C. ARNTZEN A. W. KRIEG

THE GROSS PRIZE

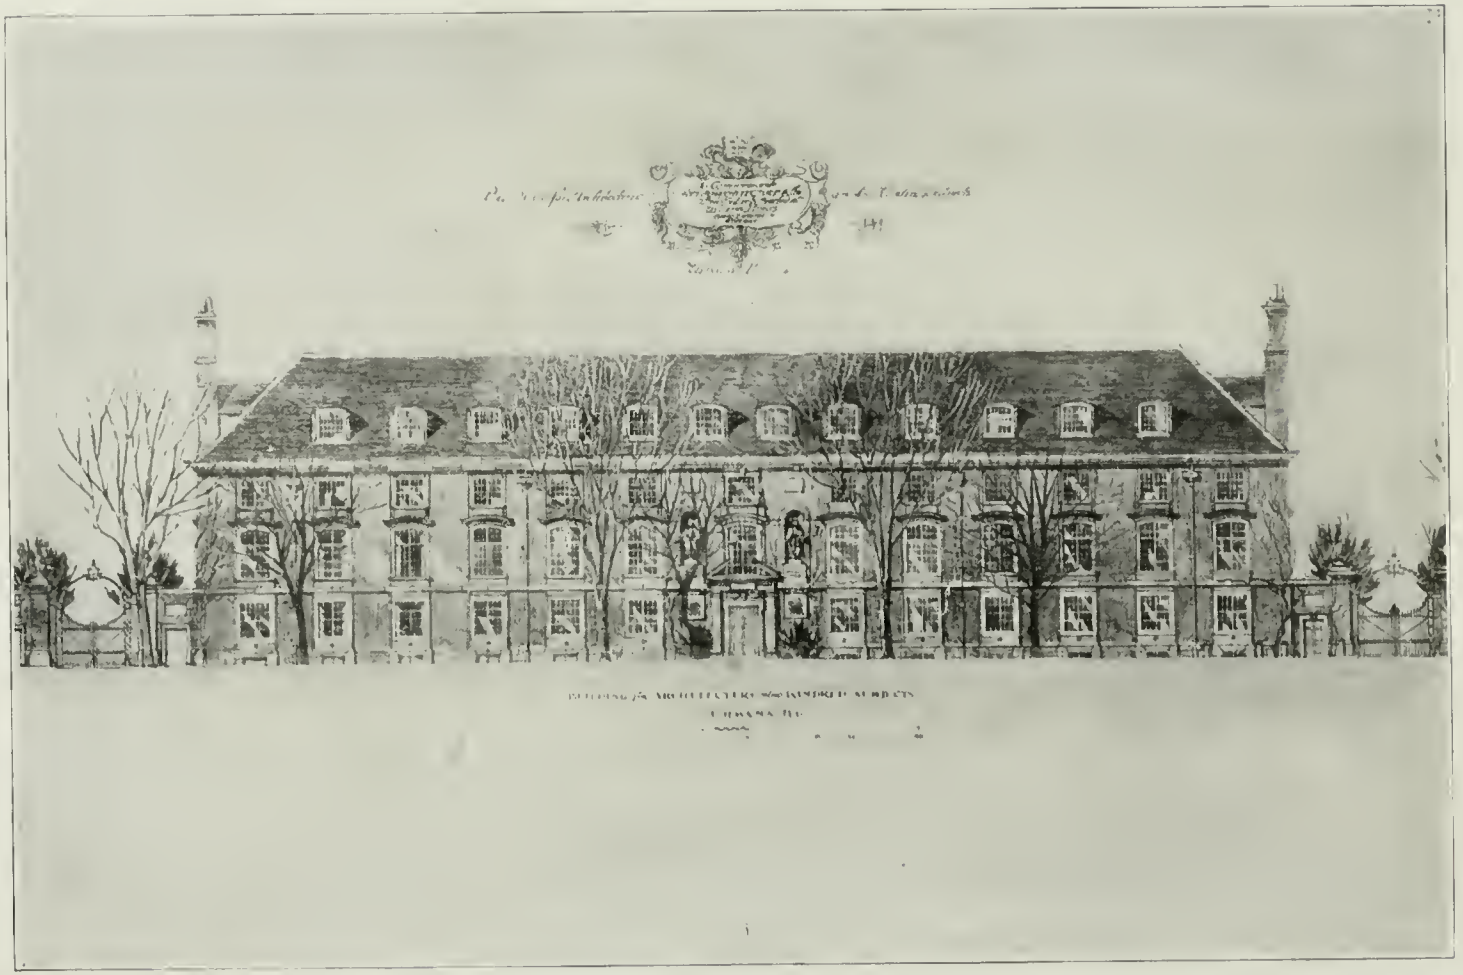

Through the generosity of Christian Gross of the American Embassy at Paris, France, a prize of one hundred dollars was offered for the best solution of a design for a villa.

K. G. REEVES, *Winner*

THE PLYM PRIZE FOR SKETCH PROBLEMS

This prize of ten dollars in books is awarded each year for the best solution to any sketch problem given during the academic year.

W. A. ROLLESTON, *Holder for 1925*

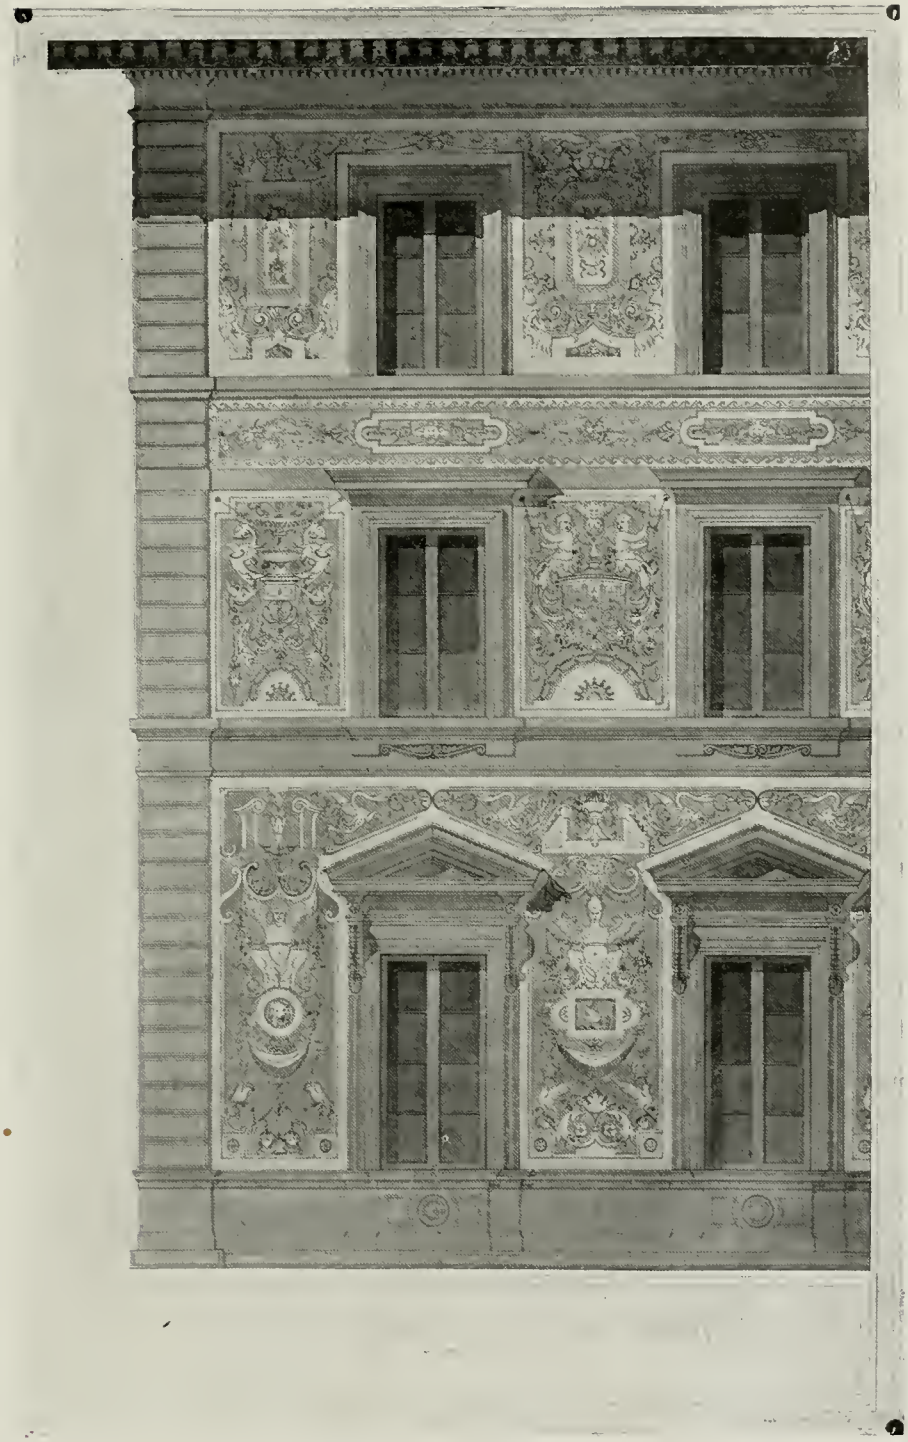

CHARLES A. PLATT, *Architect*

THE NEW BUILDING FOR ARCHITECTURE AND KINDRED SUBJECTS

JAMES M. WHITE, *Supervising Architect*

The new building for Architecture and Kindred Subjects will be 260 feet long facing South and 50 feet deep with a two story wing 50 feet by 69 feet projecting to the North

W. B. Parks Mention

No Home Too Small For Good Plumbing

The faucets are the one part of plumbing that are in constant daily use—they are subject to wear—how important then that they be selected with utmost care—that they be of the best metal, of the best workmanship and that they have a reputation back of them.

Mueller faucets without a fault have the necessary qualifications —plumbers and architects know this and specify them.

THE AMERICAN ARCHITECT

239 West 39th St.
New York

Roof stained with Cabot's Creosote Stain. Walls and chimneys finished with Old Virginia White. John Russell Pope, Architect, New York City.

CABOT'S Creosote Stains

The Standard Stains for Shingles, Siding or Trimmings. The first shingle-stains ever made, and quality guaranteed by thirty years' use all over the world. Made of the strongest and finest colors, ground in pure linseed oil, and Creosote, "the best wood preservative known." No cheapeners, no adulterants. *no kerosene or benzine.*

"CABOT'S QUILT"

Heat-proof, Cold-proof, Sound-proof

The warmest insulator. One layer is warmer than 40 layers of common building paper. Uninflammable, non-decaying. vermin-proof. Deadens sound in floors and partitions.

Cabot's Waterproof Collopakes—for waterproofing and artistically tinting stucco and all cement, brick and wood surfaces.

Cabot's Old Virginia White—A brilliant soft white that gives the whitewash white stain effect.

Cabot's Double White—Two coats cover as well as three of white lead, and it is much whiter. Better texture, no shiny gloss, easy to apply.

Cabot's Conserve Wood Preservative—For preserving ties, poles, planking and all lumber exposed to decay.

Cabot's Damp-proofing—For direct plastering on brick or concrete without studding or lathing.
